

**stream
server**

```
graph TD; A[stream server] <--> B[stream client];
```

The diagram consists of two rounded rectangular boxes. The top box is light orange with a dark orange border and contains the text 'stream server'. The bottom box is light green with a dark green border and contains the text 'stream client'. A black double-headed vertical arrow connects the bottom of the orange box to the top of the green box, indicating bidirectional communication.

**stream
client**
